

UPS UNINTERRUPTABLE POWER SUPPLY

Characteristic

1. Double way output
2. Four pointer meter display output voltage and current value respectively
3. Under steady voltage and current condition, the voltage and current can be changed automatically, and its can be indicated by luminous pipe.
4. Using limited current protection way, limited current point may optionally adjust
5. Double way output voltage may use in series and parallel connection
6. Au is plastic plate, the exterior is exquisite and applied

Technical Index

Type	Output Volatge	Output Current
DSJ-1515	0-15V	0-15A
DSJ-1520	0-15V	0-20A
DSJ-3010	0-30V	0-10A
DSJ-3015	0-30V	0-15A
DSJ-605	0-60V	0-5A

Waves and voice: $CV \leq 3\text{mvrms}$ $CC \leq 10\text{mAms}$

Power supply domino effect: $CV \leq 2 \times 10^{-4} + 3\text{mv}$ $CC \leq 5 \times 10^{-3} + 3\text{mA}$

Load domino effect: $CV \leq 2 \times 10^{-4} + 10\text{mv}$ $CC \leq 5 \times 10^{-3} + 10\text{mA}$

Dimension and weight: $390 \times 155 \times 133$

Characteristic

1. Double way output
2. Four digital led display output voltage and current value respectively
3. Under steady voltage and current condition. the voltage and current can be changed automatically, its can be indicated by luminous pipe.
4. Using limited current protection way. Limited current point may adjust optionally
5. Double way output voltage may use in series and parallel connection
6. All are plastic plate, the exterior is exquisite and applied
